The Tay is rich in wildlife and for the patient and observant, otters and seals can be seen occasionally. Today the North Inch is Perth's largest public park. Did you know in 1993 much of Perth lay under water, which is why we now see flood defences. On the North Inch, Bell's Sports Centre is where you can access various sporting activities for all abilities such as a new gym, badminton, squash, 5-a-side football along with a café. Why not pop in for some advice and information.

In times gone by the Inch was the site of a famous battle; the "Battle of the Clans", fought between Clan Chatham and Clan Kay. The King made 30 men battle it out in front of spectators until one man was left standing.
